## MERGER ANNOUNCEMENT

### STRIK BALDINELLI AND ASSOCIATES and KAM ENGINEERING

We are proud to announce the merger of Strik Baldinelli and Associates with KAM Engineering (effective June 1, 2014). The new firm, **Strik Baldinelli Moniz (SBM)**, will offer complete structural and civil design services for developers, architects and contractors across the province.

Over the past 10 years our growth has been tremendous and we owe it to our loyal client base. In 2004, we started with two partners and 500 sq ft of office space; ten years later, we have grown to 19 staff members and 2 offices located in London and Waterloo. In 2012, Kevin, Aaron and Michael acquired Stevenson Engineering (Civil Engineers), a small civil engineering firm with over 30 years of project experience in Southwest Ontario.

Kevin has doubled the size of the firm and has teamed up with some of the largest developers in the Southwest Ontario. Kevin has developed strategic relationships with architects, school boards, municipalities and private developers and will continue to foster these relationships going forward.

Aaron has built the firm to be one of the largest residential engineering firms in the province. Aaron's role with the firm will remain steadfast, offering quick and economical engineering solutions to home builders and developers while taking control of the small building division in the firm. The need for quick, reliable solutions for small projects has always been at the forefront of the firm and will remain vital in our growth going forward.

Michael has spent the past ten years building strong relationships with architects and developers, becoming a significant structural design firm in the province. With offices in London and Waterloo, our project portfolio spreads across the province specializing in building types such as: multi-level residential, libraries, churches and retail structures.

We are also proud to announce five new associates to the **SBM** firm. Tomislav Tomljenovic, Matthew Stead, Darryl Cowan, Nathan Bissell and Graeme Baker have all been promoted to the Associate level. Their dedication, strong work ethic and commitment to the firm have been unparalleled and we would like to with thank them for it.

In the fall of 2014 **SBM** will be moving its London office to its new location in Arva, Ontario. The partners acquired the building which was previously home to the Middlesex Township office (Medway Rd/Richmond St). The new space allows the firm room to grow in the future and helps revitalize an old building in need of a new owner/tenant.

**Please note effective June 1, 2014, our email and website address will have changed.** You will be receiving an email from one of the staff members to clarify email addresses.

If you have any inquires please feel free to contact Aaron, Michael or Kevin. Thanks
